

HUSQVARNA 550 XP® Mark II

Powerful, durable and easy to manoeuvre, 50cc chainsaw with excellent performance and cutting capacity. Suitable for felling, limbing and bucking small and mid-sized trees as well as for challenging tree care. The slimmed-down design and host of innovative features make for efficient, reliable and comfortable operation.

> Visible fuel level Transparent fuel indicator makes it easy to check fuel level.

Retained bar nuts The retaining function prevents loosing the bar nuts.

Air Injection

Centrifugal air cleaning system for reduced wear and longer operating time between filter cleanings.

Slimmed-down design Low, slender saw body makes the chainsaw easy and convenient to handle in any situation.

FEATURES

- Less filter cleanings with Air Injection
- The retaining function prevents loosing the bar nuts.
- Fuel level window
- Easy and convenient to handle in any situation.
- Easy to maintain with snap locked cylinder cover
- Quick and easy chain adjustment
- LowVib® sparing the user's arms and hands
- Adjustable chain oil pump

- Magnesium crankcase designed for professional use
- X-Torq[®] engine cuts emission and fuel consumption
- Automatic engine setting with AutoTune
- Maximum durability for tough applications
- Optimised cooling system
- Screws held in place
- Perfect sight critical for felling
- Easy to open and secure
